Objective:

This annual security report is designed to comply with the Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of the Campus Security Act of 1990 per its implementation regulations found in 34 CFR § 668.46. This report is published annually by October 1st and includes accurate and current information regarding crime, reporting criminal activity, crime awareness and prevention, campus crime statistics and policies relating to the health and safety of all MCU students, employees, and applicants for enrollment or employment at MCU. As a distance education school, the Clery Act only applies to “Assessments.” Crime statistics for Assessment venues, public areas immediately adjacent to, or running through rented venues, and certain non-campus facilities are disclosed below. For the time period covered in this report, MCU was an entirely virtual campus and did not have any live in-person events or Assessments. Nonetheless, we encourage you to review this report to refresh your familiarity with important information, processes and policies.

Process to Prepare and Disclose the Annual Security Report

MCU prioritizes the safety and well-being of its students, employees, and visitors whether that's online or in person. We require the full support and cooperation of the entire MCU community to ensure the continued ability to cultivate and maintain a safe and secure environment. Please carefully read and utilize this information to help make MCU a safe place for you and others. Each year, the Director of Compliance, the Title IX Coordinator, and the President work together to annually update the campus community with accurate information about reporting criminal activity, crime awareness and prevention, campus crime statistics, and law enforcement and other resources available to the MCU community. This report is usually completed with information obtained from police departments and security officers relevant to the venue(s) in which in person events occur.

Summary:

MCU is a private, distance education college operating an educational program and receiving federal funds. Pursuant to Department of Education requirements for institutions receiving federal funds, MCU is responsible for publishing an annual security report identifying crime statistics when MCU has a “physical campus” and policies as they relate to the safety and reporting of crimes by and for our students. Although MCU is a distance education institution, students are required to attend Integrated Assessments which are held at the end of each trimester in April, August, and December. Due to the global pandemic, students completed Assessments virtually in all dates of 2021 and for April of 2022. Therefore MCU was only a physical campus for the August 2022 Integrated Assessments and Skill Suites Workshops.

Background:

Students are required to pass Integrated Assessments at the end of each phase of the Bachelor of Science in Midwifery program. They are an opportunity to demonstrate academic knowledge, clinical skills, the ability to analyze and navigate scenarios and implement client care and education. From 2020 all the way through April 2022, Integrated Assessments were held virtually. As such, MCU was a virtual campus for all dates after December 2019 and before August 2022.

Dissemination of Information/Reporting:

MCU has multiple systems and procedures for students and others to report criminal actions or other emergencies occurring on campus or to communicate about health and safety issues as they arise. Additionally, MCU students and employees have multiple options to report grievances to MCU. This section covers both directions of reporting.

Through the use of Google's G-Suite for Education, MCU's official communication platform, safety personnel can immediately contact each individual member of the MCU student body, faculty, and employees. Additionally, through Canvas, our online education platform, our entire student body, staff, and faculty can receive Schoolwide Events and Announcements customized to their notification preferences. Additionally, Populi, our student information management system enables direct 1:1 communication as well as a News Feed. Should a significant emergency or a dangerous situation involving an immediate threat to the health or safety of students or employees occur, it is MCU's policy to send information through MCU communication systems (ADMN 100: MCU Commons: Schoolwide Events and Announcements, GSuite email, and Populi) and, where applicable, through text message.

Emergency events may be localized; therefore, notifications may be tailored exclusively to the segment of the campus community at risk. Warnings for crimes and other emergency situations will be decided on a case-by-case basis in light of the circumstances and facts surrounding each crime and danger to the campus community. The purpose of these warnings is to aid in the prevention of similar crimes by providing preventative tools as well as describing the incident.

Each year, an e-mail and Canvas notification is sent to all current MCU students, faculty, and staff providing the website to access Health and Safety information including MCU's Annual Notification of Drug & Alcohol Abuse and Prevention Information and Notice of Availability of Institutional and Financial Aid Information, and MCU's Clery Act Security Report. MCU's Health and Safety information is used to encourage students and employees to be responsible for their own security and the security of others. Upon request, students and employees may obtain a written paper copy of this report by contacting MCU's Title IX Coordinator or online at <https://www.midwifery.edu/consumer-information/>

Canvas and Schoolwide Events and Announcements

MCU's learning management system (LMS), Canvas, is used to deliver courses, submit assignments, and provide the educational platform for faculty to provide feedback to students. The platform is also used for schoolwide announcements, in-house training, and messaging between faculty and students. All employees receive a Canvas account. Canvas is available on mobile devices.

Gmail/G-Suite for Education

MCU uses Google's G-Suite for Education as the College's official communication platform, including email, calendars, small group meetings, and document sharing. These tools are accessible on mobile devices. In addition to Canvas's Schoolwide Events and Announcements, key personnel can reach students and employees instantly through G-Suite. Gmail communication is 1:1 and can be used by students and employees to access applicable health and safety personnel.

Populi

MCU uses Populi for secure, web-based higher education management software. Its features include the ability to send 1:1 communication via text message to active Faculty, Staff, Students and Advisers who have opted in to text notifications and are in the US and Canada, or through email for anyone not fitting into that category. Additionally, Populi's home feed allows MCU Safety personnel to post news and notifications for all Populi users to access.

House Mentors

MCU's House Mentor program serves as a resource for guiding students to appropriate channels if their physical or emotional safety has been compromised. The House Mentor Program is a unique academic advising service offered to all MCU students. Each student is assigned to a specific house and house mentor. The house mentor helps students design an individualized program, creates accountability for program completion goals, provides support to help overcome frustrations and roadblocks, and offers ideas to help students stay focused and energized. Each student is given their house mentor's contact information and each house mentor has access to each of their student's contact information including their email address(es) and phone number(s). House mentors and students often communicate via text messaging; should a significant emergency or a dangerous situation involving an immediate

threat to the health or safety of students or employees occur; house mentors can reach out to individual students via text messaging.,

Complaint and Grievance Policy

Informal Complaints

MCU uses the models outlined in *Crucial Conversations*, *Crucial Accountability*, and *The Outward Mindset* in first seeking collaborative solutions between individuals and in guiding open dialogue around policies, processes, and structures. If a direct conversation does not work, a student, staff, or faculty member may choose to fill out the [Concern and Resolution form](#). Resolution of a complaint is usually through discussion but may include mediation in some instances

Formal Grievance

A grievance is a situation that must be investigated according to formal processes. This may be a complaint that was not resolved through informal processes or situations in which disciplinary action against faculty, preceptors, staff, or students may be an outcome of the investigation.

Person(s) wishing to initiate a formal grievance will submit the grievance via the MCU Grievance Reporting form which is received by the President. If the grievance involves the President, the grievance will be submitted to the MCU Board President. If the grievance is determined to fall within the scope of the Midwives College of Utah, the President will convene a Grievance Committee who will follow the procedures outlined in the MCU's Grievance Policy. The Policy allows for a fair, complete, and unbiased investigation and assures appropriate action is taken. No discrimination or harassment of any of the involved parties will be tolerated. Confidentiality of the proceedings and all involved parties will be maintained throughout the entire process.

MCU is committed to resolving all grievances by due process in a timely manner; as such, the grievance will be addressed within four weeks, and the Grievance Committee will make a final recommendation whenever possible within six weeks of submission. Complaints and resolutions will be logged in MCU's Formal Complaint File and will be maintained for seven years.

Grievance Committee Policy & Procedure

The purpose of the Grievance Committee is to provide a vehicle in which a formal grievance may be brought forward; a fair, complete, and unbiased investigation commenced; and appropriate action taken. No discrimination or harassment of any of the involved parties will be tolerated. Confidentiality of the proceedings and all involved parties will be maintained throughout the entire process.

Rationale

To provide a mechanism through which students, faculty members, preceptors, alumni, or staff members of the Midwives College of Utah (MCU) may be protected if there is misconduct on the part of a student, faculty member, preceptor, or staff member of MCU. If the President or Board President determines a Grievance Committee is appropriate, the process will be as outlined.

Actions that may be taken by the Grievance Committee include but are not limited to:

- No action
- A letter of reprimand
- A period of probation and remediation recommendations to be determined by the committee
- Withdrawal of student from the Midwives College of Utah or dismissal of staff/faculty member
- Other actions as approved by the Grievance Committee

The Concern and Resolution forms are found on MCU's website, in ADMN 100 Student Commons, the Student Handbook, the Employee Lounge, the Faculty Lounge and in Populi.

Campus Safety Officers

Any person who is the victim of a crime is encouraged to immediately notify their local police. If a person is the victim of a crime or is aware of a crime and does not wish to contact the police, the person may report the incident to one or all of the following agencies:

Kristi Ridd-Young, [President](#)
Masha Mesyef, [Title IX Coordinator](#)
Sarah Carter, [Assessment Specialist](#)
Masha Mesyef, [Events Coordinator](#)
House Mentor, specific to each student
Marijke van Roojen, [Director of Student Services](#)
Tamara Taitt, LMFT, [Director of Student Life Equity and Access](#)

If the victim of a misdemeanor crime does not want police action taken, the crime is generally not prosecuted. The information will be given to the police for statistical purposes only. Felony offenses must be reported for investigation.

Reporting Crimes

In the unlikely event a crime occurs during the Assessments, students and others who become aware of criminal actions or other emergencies anywhere on campus should **dial 911**. For

Assessments occurring at the Birth Center, contact West Jordan law enforcement immediately by dialing 911 or having the Assessment Specialist contact the police on your behalf.

Incidents reported to West Jordan law enforcement will be investigated for the purpose of reducing crime, improving safety, making disciplinary referrals, and imposing criminal sanctions as appropriate.

We cannot overemphasize the importance of prompt and accurate reporting of crime. If a crime is not reported promptly, evidence can be destroyed or the potential to apprehend a suspect is lost. If you witness a crime or emergency, promptly report it and be prepared to answer questions as accurately as you can. The subsequent investigation can only be as thorough as the information received. If you are the victim of a crime, or you have seen or received information about criminal activity or other emergencies, please contact the appropriate authority immediately.

Additionally, incidents reported to local law enforcement will be included in the statistical report contained in the Annual Security Report prepared annually by MCU.

MCU takes threats to health and safety very seriously. Where issues arise that do not affect the entire MCU community, a response should be coordinated specific to the issue and addressed at Strategic Implementation Meetings which occur monthly between MCU's Leadership Team. The Leadership Team includes the President, the Dean, The Director of Compliance, and all other department directors. The purpose of these meetings is to provide support to Senior Leadership and guide strategic direction at MCU including ensuring iterative communication channels between staff, faculty, and senior leadership. The Leadership Team works to update and develop policies, procedures, and models using MCU's guiding framework and define intersections between departments when enacting policies, procedures, and models to address issues affecting the College at large.

Title VI Reporting

Your Rights Under Title VI of the Civil Rights Act of 1964: "No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."

What is Title VI? Title VI of the Civil Rights Act of 1964 is the Federal law that protects individuals from discrimination on the basis of their race, color, or national origin in programs that receive Federal financial assistance.

What is prohibited by Title VI? There are many forms of illegal discrimination based on race, color, or national origin. Among other things, Midwives College of Utah cannot, on the basis of race, color, or national origin, either directly or through contractual means: deny program

services, aids, or benefits; provide a different service, aid, or benefit, or provide services in a manner different than they are provided to others; segregate or separately treat individuals in any matter related to the receipt of any service, aid, or benefit.

A confidential log of the conversation will be maintained. During this meeting, the potential complainant and/or third party will be provided with information about rights, resources, procedural options, and remedial measures as well as MCU's policies and resources. MCU may offer supportive measures to a complainant even where a formal investigation or grievance process does not occur.

A reasonable assessment of the safety of the individual and of the campus community will be made by a small interdepartmental team. The team will consider the interest of the complainant and the complainant's expressed preference for the manner of resolution. Where possible, and as warranted by the facts and circumstances, the University will seek action consistent with the complainant's request. If the nature of the circumstances requires reporting to the police, the

Title IX Coordinator will contact the police department local to the complainant and alleged harasser.

Corresponding Procedures:

Dissemination of Policy: MCU will publish its policy in the following documents: the MCU website, the Student Handbook & Course Catalog, and the Employee Handbook and any additional places as needed. Discrimination-free Community

The Midwives College of Utah, as an institution of higher education and as a community of scholars and midwives, affirms its commitment to the elimination of discrimination and discriminatory harassment, and to the provision of equal opportunity for all. A key objective of the Midwives College of Utah is the creation and maintenance of a positive atmosphere of nondiscrimination in every phase and activity of College operations.

Harassment and intimidation can impede an individual's ability to participate fully in educational processes. Acts of discrimination, harassment and insensitivity hurt and degrade all members of the community whether target, perpetrator, or observer. Every member of the College community is responsible for creating and maintaining a climate free of discrimination and harassment.

POLICY

Statement of Non-Discrimination

MCU is committed to providing equal opportunity and equal access and to complying with all applicable federal and state of Utah laws and regulations and MCU non-discrimination policies and procedures.

Discrimination violates the dignity of the individual and the integrity of the College as an institution of higher learning. MCU will not tolerate discrimination or harassment by or toward faculty, field faculty, staff, students or affiliates on the basis of sex, race, religion, color, creed, disability, sexual orientation, gender identity, expression, national origin, ancestry, age, marital status, pregnancy, political affiliation, arrest or conviction record, veterans' status, or any other protected class. In addition to protected classes, MCU will not tolerate discrimination based on any other cultural or social identity.

Discrimination and harassment are inconsistent with MCU's efforts to foster an environment of respect for all members of our community and are in direct violation of our commitment to maternal-child health equity and inclusivity in the midwifery profession. Incidents of discriminatory conduct are detrimental to all individuals directly involved and diminish the College community as a whole. It is, therefore, the policy of the Midwives College of Utah that such behavior will not be tolerated and will be dealt with according to the procedures outlined below. Retaliation for filing a complaint or grievance of discrimination or harassment is also a form of harassment and is therefore prohibited and will not be tolerated.

The President has responsibility for appointing a committee to conduct investigations of complaints or grievances of discrimination on behalf of the College. A series of definitions, questions, and answers, which detail MCU's investigative processes, are found below. These

definitions, questions, and answers provide information for employees, applicants for employment, students, applicants for admission, and anyone participating in MCU programs or activities to understand how the College defines discrimination; what types of discrimination are prohibited in MCU programs and activities; how and where to file a complaint or grievance of discrimination; how complaints or grievances of discrimination are investigated; and, the possible outcomes of an investigation.

Discrimination complaint or grievance investigations will be carried out in a manner consistent with the protection of individual First Amendment rights to freedom of speech, expression, and academic freedom. A student will be informed of state or federal agencies that may also be notified using the criteria of the complaint or grievance.

Definitions

Complaint: A complaint is a problem or concern by one who considers they have been discriminated against or wronged because of an action, decision, or omission within the control or responsibility of MCU. Resolution of a complaint is usually through discussion but may include mediation in some instances.

Discrimination: Discrimination is conduct that adversely affects any aspect of an individual's employment, education, or participation in an institution's activities or programs, or has the effect of denying equal opportunities or treatment to an individual on the basis of one or more characteristics of that individual's protected status or category as defined herein.

Discriminatory Harassment: A form of discrimination consisting of unwelcome verbal, written, graphic, or physical conduct, that:

1. Is directed at an individual or group of individuals on the basis of the individual or group of individuals' actual or perceived protected status, or affiliation or association with person(s) within a protected status (as defined herein); and
2. Is sufficiently severe or pervasive so as to interfere with an individual's employment, education or academic environment or participation in institution programs or activities and creates a working, learning, program or activity environment that a reasonable person would find intimidating, offensive or hostile.

To constitute prohibited harassment, the conduct must be both objectively and subjectively harassing in nature. Harassment may include but is not limited to verbal or physical attacks, threats, slurs or derogatory or offensive comments that meet the definition set forth herein. Harassment does not have to be targeted at a particular individual in order to create a harassing environment, nor must the conduct result in a tangible injury to be considered a violation of this policy. Whether the alleged conduct constitutes prohibited harassment depends on the totality of the particular circumstances, including the nature, frequency and duration of the conduct in question, the location and context in which it occurs and the status of the individuals involved.

To be considered discriminatory harassment, the complainant must allege that the harassment is based on one or more of the identity categories listed in these procedures.

mediation, or situations in which disciplinary action against faculty, staff or student may be an outcome of the investigation

Retaliation: Retaliation is an adverse action taken against an individual in response to, motivated by or in connection with an individual's complaint or grievance of discrimination or discriminatory harassment, participation in an investigation of such complaint or grievance and/or opposition of discrimination or discriminatory harassment in the educational, workplace, or professional setting.

Complaints or grievances must also include:

1. The dates, time period, and the location of the actions or incidents believed to be discriminatory.
2. The effect that the treatment or actions have had on the complainant's work, instructional, or study environment, or the complainant's ability to take part in College programs or activities.
3. The name, address or phone number of persons who have information relevant to the reports, and the names of any persons who might have experienced similar treatment.
4. Any material supporting the reported discrimination.
5. A statement of an outcome or resolution the complainant believes would be an appropriate remedy for the complaint or grievance.

Individuals who experience unlawful discrimination including harassment, are encouraged to report the matter immediately to aid in timely resolution. The complaint or grievance must be filed with MCU President within 300 days of the reported act of discrimination. The 300 days is counted from the date of the most recent reported discrimination to the date the complaint or grievance is signed, dated, and submitted. This time frame will only be extended in unusual circumstances by the MCU President, primarily when personal/family illness or extraordinary hardship prevented an individual from filing in a timely manner or when the complainant could not reasonably be expected to know that he or she was being discriminated against within the 300 days. (Note: The time frames for filing under federal law may differ. For example, individuals wishing to file with the Office for Civil Rights, U.S. Department of Education, generally need to file complaints or grievances within 180 days from the alleged act of discrimination. To ensure that you do not lose any of your rights, you should contact the applicable federal and state agencies.

Any employee who feels that they have been harassed, or has witnessed or become aware of harassment in violation of these policies, should bring the matter to the immediate attention of their supervisor or the President. Incidents of suspected sexual or sex-based harassment should also be reported to MCU's [Title IX Coordinator](#).

Employees are encouraged to bring any workplace concerns or problems they might have or know about to their supervisor or the President.

Depending on the nature of the violation, sanctions may include: mandated participation in the College's Drug & Alcohol Abuse Re-entry Program; temporary or permanent limitations on employee duties; and suspension or termination of employment. All MCU employees who are convicted of a drug or alcohol-related violation by local, state, or federal authorities must report, in writing, the conviction within 30 days to the President of the College. MCU is obligated by law to report to the US Department of Education any employee with a drug or alcohol conviction who also receives federal financial assistance (e.g., a research grant).

Corresponding Procedures

Review & Dissemination: This policy will be reviewed annually by a designated committee. This policy will be inserted by MCU into the following documents of the institution: the MCU website, the Staff Employee Agreement, the Faculty Employee Agreement, and the Disclosure Statement. The MCU Faculty Human Resources Coordinator (for undergraduate faculty), Dean, and Staff Human Resources Coordinator (for staff) will be responsible for integrating MCU's Drug & Alcohol Abuse and Prevention Program information into faculty and staff onboarding processes, including new employee paperwork and orientation.

Violations: Violations will be reported to and documented by the President. The President will be responsible for documenting the violation in employee and institutional records, reporting the violation to the US Department of Education (as applicable), and convening a committee to determine the appropriate nature of sanctioning, including referral and completion by the employee of MCU's Drug & Alcohol Abuse re-entry program (first violation, as appropriate).

DAAPP Disclosure Statement

For in-depth information about drug and alcohol health risks, abuse prevention, standards of conduct, resources, policies, and sanctions to all students and employees of the institution, please see MCU's Annual Notification of Drug & Alcohol Abuse and Prevention Information.

MCU's DAAPP Disclosure Statement will be reviewed, annually, by a designated committee. The Disclosure Statement will be disseminated to all students and employees annually. The Disclosure Statement will be distributed to new students and faculty throughout the year to account for variable hiring and enrollment dates.

Drug and Alcohol Abuse Re-Entry Program (DAARP)

MCU employees are eligible to participate in MCU's Drug & Alcohol Abuse Re-entry Program. The aim of the Drug & Alcohol Abuse Re-entry Program (DAARP) at MCU is to provide students and employees the opportunity to rethink and address their relationship with drugs and alcohol, and to devise harm reduction and prevention strategies that will help to create a safe, healthy, and legal relationship with drugs and alcohol. The program is evidence-based and requirements are individualized to each participant based on their unique use pattern, challenges, and opportunities. At a minimum, all participants in the program are required to meet with the Student and Employee Support Services Coordinator for a minimum of three one-on-one counseling sessions. Participants will also be assigned self-study work through the Higher Education Center for Alcohol & Drug Misuse Prevention & Recovery.

The Student and Employee Support Services Coordinator may also require the participant to meet with a certified alcohol or substance abuse counselor in their local area; the participant is responsible for fees associated with the use of these professionals.

Any MCU student or employee may participate in the MCU Drug & Alcohol Abuse Re-entry Program. Students and employees found in first violation of MCU's Drug & Alcohol Use policy will be required to participate. There is a \$200.00 fee for this program to help offset costs of program administration.

The Drug & Alcohol Abuse Re-entry Program (DAARP) will be administered by the Student and Employee Support Services Coordinator. The Student and Employee Support Services Coordinator will be responsible for: maintaining and implementing the program; documenting usage and completion rates of the program, including required versus voluntary participation; and reporting program enrollment to the Student Finances office so the appropriate program fees can be charged to the student or employee's account.

DAAPP Biennial Review and Report

The Biennial Review will be conducted by a qualified person, as appointed by the President of the College. The person may be internal to the institution or may be an externally hired evaluation expert. The lead evaluator will develop and conduct the evaluation in conjunction with an identified team of their choosing. The lead evaluator should be appointed no later than February 1st of the biennial year, and the team convened by March 1st. Evaluation should occur between March through May of the biennial year with the final report being delivered to the President by June 15th. The review and subsequent report, as a minimum, must cover: assessment and data collection methods for the evaluation; effectiveness of the institution's Drug & Alcohol Abuse and Prevention Program; number and type of violations as well as sanctions; and recommendations for improvement and change. The report must be approved by the institution's President, Chief Executive, and/or Board. The President will determine the timing and nature of all recommendations identified in the report. The Leadership Team of the institution will also review the Biennial Report and will be responsible for integrating recommendations strategically into College operations, as well as otherwise identifying

opportunities for further integration of and ongoing improvement to College processes throughout each academic year.

The Higher Education Act (HEA) defines the new crime categories of domestic violence, dating violence, and stalking in accordance with § 40002(a) of the Violence against Women Act of 1994 as follows:

Domestic Violence: A felony or misdemeanor crime of violence committed by

- A current or former spouse or intimate partner of the victim,
- A person with whom the victim shares a child in common,
- A person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner,
- A person similarly situated to a spouse of the victim under the domestic or family violence laws or the jurisdiction receiving grant monies [under VAWA], or
- Any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

- The existence of such a relationship shall be determined based on a consideration of the following factors:
 - Length of the relationship;
 - The type of relationship; and
 - The frequency of interaction between the persons involved in the relationship.
- For the purpose of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
- Dating violence does not include acts covered under the definition of domestic violence.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to

- Fear for his or her safety or the safety of others; or
- Suffer substantial emotional distress.

For the purposes of this definition:

- *Course of conduct* means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

- Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
- Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Consent: Consent is an informed decision, freely given, made through mutually understandable words or actions that indicate a willingness to participate in mutually agreed upon sexual activity.

Consent cannot be given by an individual who is:

- Asleep
- Unconscious
- Mentally or physically incapacitated, either through the effect of drugs or alcohol or for any other reason
- Under duress, threat, coercion, or force

Past consent does not imply future consent. Silence or an absence of resistance does not imply consent. Consent can be withdrawn at any time.

MCU uses the “affirmative consent” standard, known colloquially as “yes means yes.” The burden rests on the person initiating sex to obtain a “yes,” rather than on the intended partner to convey a “no.” Failure to obtain affirmative consent in the course of sexual activity may result in findings of merit to a complaint of sexual assault/rape.

Education and Prevention Programming

MCU students, employees, and applicants for admission have access to health and safety information, Title IX and Drug and Alcohol policies on MCU’s Consumer Information page. Each term, new students complete an orientation course called PROD 1000. This robust orientation guides our students through the community rules of caring, graduation requirements, code of conduct, discrimination, social justice, and many of the MCU resources available to the student body. The orientation also identifies the Drug and Alcohol Abuse Prevention Policy and where to locate Title IX and additional Health and Safety policies and information. Additionally, each acceptance package includes an Enrollment Agreement identifying health and safety information as well as the Drug and Alcohol Abuse Prevention Policy.

Individuals who have experienced sexual assault, dating violence, domestic violence, stalking and related retaliation are afforded additional protections and support measures beyond the student conduct process. These measures are described above in MCU’s Title IX Policy. When determining what support measures to take, MCU will consider the specific need by the victim, whether or not the victim and the perpetrator share classes, and other key factors. The Title IX Coordinator consistently provides education for MCU Senior Leadership, staff, faculty, and house mentors on MCU’s Title IX Policy and related information.

Additionally, victims of these crimes can receive assistance through the following resources:

Facility Safety and Evacuation Procedures

The Salt Lake Community College Physical Facilities and Maintenance Department maintains SLCC buildings and grounds with a concern for safety and security. They inspect these facilities regularly and promptly make repairs. The Miller Professional Development Center Public Safety at 801-957-3800 or Facilities at 801-957-4276 to report any hazard. The police and facilities department staff routinely inspect the entire campus to review lighting and environmental safety concerns.

Most campus facilities are open to the public during the day and evening hours when classes are in session. The Facilities Department regularly locks campus buildings at 10:00 p.m. each evening. Faculty and staff on site secure satellite buildings. Buildings are opened each morning

beginning at 6:00 a.m. During times that the campus is officially closed, buildings are generally locked and accessible only to employees with keys. Salt Lake Community College has established a well-defined key issuance and control policy. Only selected administrators are authorized to approve the issuance of keys to individuals within their assigned areas. Periodic surveys and audits of campus departments are conducted to determine the status of keys issued to department personnel. It is against SLCC policy to duplicate any SLCC key.
